Facebook: St. Michael's Preschool

St. Michael the Archangel Preschool does not discriminate on the basis of race, age, handicap, color, national and ethnic origin in the administration of its educational policies, employment practices, scholarship program or other school-administered programs.

EARLY CHILDHOOD EDUCATION

The early years comprise the fastest, most impressionable growth period in a person's life. What children learn in preschool shapes their attitudes about themselves and the world around them. During the early years, the child needs to feel confident, secure and loved.

Teachers gently guide the children and encourage creativity, spontaneity and testing out of ideas in a child-centered, play-based environment. Learning takes place every minute as the child explores his/her environment. The young child learns through: sensory perception, first hand active experiences and discovery play.

“Children's play is a primary vehicle for and an indicator of their mental growth. Play enables children to progress along the developmental sequence from the sensorimotor intelligence of infancy to the preoperational thought in preschool years to the concrete operational thinking exhibited by primary children. Therefore, child-initiated teacher supported play is an essential component of developmentally appropriate practice.”

Excerpted from “Developmentally Appropriate Practice” NAEYC 1986

PARENT INVOLVEMENT

At St. Michael's Preschool, we feel you and your family are the first and foremost educators in your child's early development. Therefore, we encourage our parents to become actively involved in our program. When a parent works first hand in the child's classroom, he/she will have a better understanding of early childhood education. Helping out in your child's class in only one way to become involved. At St. Michael's we have a multitude of different avenues to enable you to feel you are a part of your child's early education experience.

Room Parents – You may be asked to wash smocks, do errands, or cut out paper projects. This is for the parent who cannot assist in the classroom, but would still like to help.

Parents of Preschoolers Organization – The POPS sponsors such events as family potlucks, socials, parent education, scholarship and preschool fundraisers. This is a wonderful way to meet other parents.

CLASS RATIO

There are up to 20 children in each class with two head teachers. Here at St. Michael's, we do not hire aides in the classes. Both teachers in the class are qualified early childhood professionals and will be working directly with the children.

Mission Statement

St. Michael's Preschool recognizes the unique gifts of the young child. We pledge to nurture these gifts and provide a safe and developmentally appropriate environment. Our goal is for each child to grow spiritually, emotionally, socially, and academically. We hope to prepare their hearts with a spiritual foundation that will instill in them a desire to know God. We strive to lay a foundation for a lifetime love of learning.
